*"Excellent position for any motor sporting enthusiast, track action in front of Villa and close to the Murray Walker Extreme Machine Tent"*

*"My photo was better than the front page of The Advertiser of the rollover of the Aussie racer on the corner in front of the Villa"*

*"At the start of the big race I was able to watch the start of the grid on the Large Super screen and the rear of the grid in front live"*

On Wednesday 27th December 2000, CCF SA Branch President and CCF National Treasurer Harry Wauer passed away suddenly aged 54 years. His death was a great blow to everyone that knew him.

Harry, in his own words "a poor humble earthmover", started his industry career as a transport contractor to the industry and eventually progressed to civil contracts as the principle contractor. He was Managing Director of SEM Civil Pty Ltd, which he ran with the support of his wife Janice, son Mark and daughter Kerrie.

His numerous commitments connected with the Federation included:

- CCF SA Branch President
- CCF SA Branch Board member
- Civil Sector Standing Sub-Committee Chairman
- CCF National Councillor
- CCF National Treasurer
- Construction Training Australia Committee member
- ECA Chairman & ECA Committee member
- Beaconsfield Press Board member
- Civil Group Training Scheme Chairman
- Various National and State Working Parties member (eg National Competency, Diesel Fuel and Branch Future Directions)

Sporting Car Commitments:

- Head Pit Marshall for F1 and Clipsal V8s
- Car Club member
- Racing Official

Everyone who knew Harry would be aware of his amiable and fun-loving characteristics, his famous sense of humour that could break up the toughest audience into laughter and his pride and vision in every venture that he undertook. His rapport and empathy towards people was second to none and within minutes of talking to him, you realised that not only was he very easy to relate to, but he was also very astute, wise and knew the industry very well. Harry's aim to live life to the fullest is treasured and his entertaining antics were only one of his endearing qualities.

Harry - "a great bloke" who "worked hard and played hard."
